First Data Solutions and the next generation of payment terminals – Clover Mini.

First Data

Keep it simple – or ramp it up.

Designed with your convenience in mind, First Data Solutions bring together cutting edge hardware, state of the art security, beautiful design and more, so you can spend more time doing what you love and less time looking for the right tools to run your business.

That's where Clover Mini comes in. It's the sleekest, most flexible payment terminal around. When you're tight on space or time, Clover Mini saves the day. Give customers the convenience of paying with multiple payment types, protect their sensitive information – as well as your own – and have the flexibility you've always wanted, without the hassle of a big business system.

More payments, more power... less clutter.

Crowded counters and busy days are no big deal for Clover Mini. This cool little device is easy to move and frees up valuable counter space to use as you need. You can even mount Clover Mini on the wall.

Clover Mini is intuitive and easy to use. Right out of the box:

- Accept more types of payments from magnetic strip and EMV® Chip cards to contactless, without additional equipment or complicated software.

- Protect your customers, business and reputation from fraud with built-in TransArmor Solution.

- Set up a mobile loyalty and rewards program with the free Perka Punchcard app.

- Tap into valuable insights about your business with Insightics Free*.

Clover Mini runs on cloud-based software so you can access your business information wherever you are - from a computer, tablet or mobile phone. And, as you grow, you can do even more with business management apps from the growing App Market.

Clover Mini makes running your own business far less complicated, and a lot more fun.
